**5. PLANNING APPLICATIONS**

To consider New Planning Applications

**16/06835/FUL**

**Address:** Ray Farmhouse Thame Road Longwick Buckinghamshire HP27 9QU

**Proposal:** Householder application for the demolition of existing lean-to and porch; construction of new porch, chimney and insertion of flue and fenestration alterations in connection with the conversion of existing attached barn to create additional habitable living accommodation in association with existing dwelling.

Cllr Brian Richards proposed to recommend no objection to this application. Seconded by Cllr Val McPherson. All present agreed

**Resolved:** That the Parish Council has no objection.

**16/06673/OUT**

**Address:** Land To The South Of Rose Farm Thame Road Longwick Buckinghamshire HP27 9SW

**Proposal:** Outline application (including details of access) for the removal of existing buildings and construction of 65 dwellings with access from Thame Road, creation of pedestrian and cycle access to Walnut Tree Lane, public open space and landscaping.

Cllr Brian Richards proposed to object to this application. Seconded by Cllr Val McPherson. All present agreed.

**Resolved:** The Parish Council object to this application as planning permission has recently been granted for another development of 160 houses with the existing infrastructure already under pressure. The creation of a pedestrian and cycle access to Walnut Tree Lane is not a convincing reason to approve this application and not a suitable alternative to creating acceptable conditions for local pedestrians and cyclists on the Thame Road. There is the potential for further extensions to this development to the east given the extent of the Barn Road/Boxer Road scheme up to the railway line. The far reaching vista would be impaired from Whiteleaf Cross as the housing estate would be visible from there.

**16/06860/FUL**

**Address:** Land Adjacent Home Farm Thame Road Longwick Buckinghamshire HP27 9SW

**Proposal:** Demolition of existing livery and re-development of site to provide 3 x 4 bed detached dwelling houses with garages/car ports and associated works

Cllr Brian Richards proposed to recommend to approve the application. Seconded by Cllr Val McPherson.

Cllr Ian Walker counter proposed to object to the application due to the location of the property being outside of the village curtilage. Seconded by Cllr Jane Rogers.

A vote was taken on the counter proposal with 2 votes for and 3 votes against. Therefore the counter proposal was defeated.

**Resolved:** To recommend to approve the application.

**16/06864/OUT**

**Address:** Land Rear Of Hazeldene Lodge Thame Road Longwick Buckinghamshire HP27 9SW

**Proposal:** Outline application with all matters reserved for erection of one single dwelling.

Cllr Rolf van Apeldoorn proposed to recommend to approve the application. Seconded by Cllr Brian Richards. A vote was taken with 4 votes for and 1 abstention. Therefore the proposal was carried.

**Resolved:** To recommend to approve the application

**16/07071/FUL**

**Address:** Holly Tree Barn Owlswick Lane Owlswick Buckinghamshire HP27 9RJ

**Proposal:** Householder application for construction of single storey rear infill extension

Cllr Jane Rogers proposed to recommend no objection to this application. Seconded by Cllr Val McPherson. All present agreed.

**Resolved:** The Parish Council has no objection to this application.

**16/06994/FUL**

**Address:** Folly Cottage Ilmer Lane Ilmer Buckinghamshire HP27 9QZ

**Proposal:** Householder application for construction of single storey rear extensions and new front porch

Cllr Val McPherson proposed to recommend no objection to this application. Seconded by Cllr Rolf van Apeldoorn. All present agreed.

**Resolved:** The Parish Council has no objection to this application.

**16/06375/FUL**

**Address:** Land To North & Rear Of The Old Pigeons Thame Road Longwick Buckinghamshire HP279SU

**Proposal:** Erection of a two storey 5-bed detached dwelling with associated vehicular shared access and parking

Cllr Val McPherson proposed to recommend refusal of this application. Seconded by Brian Richards  
All present agreed.

**Resolved:** The Parish Council recommends refusal of this application as it considers the proposal to be an overdevelopment of the site and has concerns that the dwelling is too large for the size of the plot. The plot does not sit within the building line. The proposed development is considered to be overbearing to the surrounding properties, particularly those at the rear. The Parish Council considers the proposal to be detrimental to the wildlife and unenvironmentally friendly if the trees are removed.

**Subject:** Wycombe District Council - Play Strategy Consultation

Dear Sir or Madam,

Wycombe District Council are in the process of consulting with key stakeholders in relation to the drafting of a new Play Strategy for the District.

We recently sent you an email attaching a questionnaire which asks for your input and opinions on the direction, aims and outcomes of the future play strategy. Your views are vital to ensuring that we obtain the right balance of priorities to enhance play and play facilities across the District for all children and young people. Please find attached again the questionnaire for your information.

I would be extremely grateful if you could find the time to complete and return the questionnaire by **30<sup>th</sup> August 2016**. The information we receive from your responses will enable us to make a more informed decision as to the aim and direction of the Play Strategy.

However, I am aware that some Parish Councils may not have a meeting within this time frame. If that is the case, please do let me know and I would be very happy to receive your completed questionnaire after the above deadline.

I thank you in advance for your help and look forward to hearing from you shortly.

Many thanks.

With kind regards.

Yours faithfully,

Agenda Item No 8

Comments: Dear Parish Clerk

Have you heard about ToolShed? We offer an 18 week full time course for 16 - 24 year in multi - trade construction skills. To help the students with the course we are looking at doing work within the community.

The reason for this e-mail is to ask you two questions:

1. If you or the Parish Councillors know of any community/village halls in your parish that are in need of painting? If there is we would be able to offer our students to come along and do the work that is needed they will of course be supervised. We would need the Parish to pay for the materials to do the work but all labour would be free.

2. If you know of any youths in your Parish that could benefit in doing the course.

If you would like to know more about us or you would like us to come along to a parish council meeting to talk about what we do please let me know.

Regards

**Subject:** Lost rights of way - volunteers needed for some Bucks Parish Councils

Dear Board Member,

On 1st January 2026, it will no longer be possible to use documentary evidence to claim 'lost rights-of-ways' – the expression "once a highway, always a highway" will become history. Any path, track, alleyway, bridleway, cut-through, etc. not registered on the Definitive map could be in danger of being lost forever. Even old and still well-used, but officially **unrecorded**, paths and tracks may at risk. To lessen the possible impact of this, the Buckinghamshire Local Access Forum, Open Spaces Society, the Ramblers and British Horse Society and some parish councils are joining forces to both help secure unrecorded paths for future generations to enjoy as well as ensuring that what is currently shown on the Definitive Map is accurate and that no anomalies exist.

The Buckinghamshire Local Access Forum is leading on this project being assisted by Ross Osborn [rossosborn41@gmail.com] who is attempting to recruit a volunteer[s] IN EVERY PARISH – some outside the AONB [see list of Parishes attached] - to spread the load and speed up the recording. Nearly 10 years sounds a lot of time but it isn't! Currently only 42% of the County is covered but he is still very short of volunteers in large areas of Buckinghamshire where extra volunteers are urgently required.

The project is a two-pronged event with historical research being supported by field work. Volunteers are needed to check maps, walk paths, do research, interview local people about their memories and get new links approved so there is something that virtually anyone can do to get involved. No previous knowledge or training is needed since the Project Team are preparing a simple Step-by-Step guide which will answer most of the more common questions.

Attached is a flyer which gives more details and I would appreciate it if you could circulate it among your contacts, place in local magazines and on notice boards and generally spread the word.

Thank you and best regards

**Subject:** CIL & S106 Workshop Material + Local Priority Datasheets

Dear Sir/Madam

Following my five successful workshops regarding the Community Infrastructure Levy and Section 106 Agreements I hereby attach a copy of the presentation given for your information. My apologies for the delay in circulating this email.

In addition to the presentation I have included a short document highlighting some key questions raised across the workshops with regards to infrastructure planning and expenditure. This document is not designed to be an exhaustive list of issues discussed but highlights important areas of legislation and processes taking place within Buckinghamshire. Should additional questions be raised, please do not hesitate to contact me and I will do my best to answer your queries.

Finally, and possibly most importantly, I have included a .pdf and a .excel file which will allow each Parish and Town Council to highlight their current infrastructure priorities i.e. traffic calming at junction XX or speeding along road YY. If I can ask that you fill out these forms (please use multiple sheets if necessary) and return to [amacdougall@buckscc.gov.uk](mailto:amacdougall@buckscc.gov.uk). These forms have been designed to highlight your local infrastructure priorities in order that I may utilise this information to ensure my database is robust. Moving forward this wealth of information will be utilised by key departments at the County Council so as to better inform early Section 106 negotiations. Knowing local infrastructure priorities at an early stage is considered essential if requests for funding from development is going to be justified.

Should you find that your local infrastructure priorities change or indeed new ones come to light, please do not hesitate to fill out another form, or contact me direct. I can then update information held here at the County.

Please do not hesitate to contact me,
